

Dear BUSSTEPP Participant,

Thank you for registering for BUSSTEPP 2010. The timetable is now on the web ([http://pyweb.swan.ac.uk/~perkins/BUSSTEPP/busstepp\\_programme.html](http://pyweb.swan.ac.uk/~perkins/BUSSTEPP/busstepp_programme.html)). So far 24 people have indicated that they would like to give a short talk, so I've timetabled six sessions of four 15 minute talks. I'll add further sessions if more people would like to talk. The school will be intensive, so if you're giving a talk please prepare it before you arrive. The talk schedule will be available when you arrive in Swansea.

Swansea University is part of Eduroam, so if your home institution uses Eduroam and your laptop is setup BEFORE you arrive, wireless access should be automatic.

I look forward to seeing you all in Swansea,  
Warren Perkins
